DETAILED ACTION

Allowable Subject Matter

1. Claims 36, 38-40, and 42-44 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: Applicant's arguments filed September 7, 2007 are persuasive. The closest prior art to Sagusa and Niori are analyzed in the April 16, 2007 final rejection.

Drawings

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the original April 6, 2001 drawings are marked up. See Page 3 of 6. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
